Continental Philosophy A Critical Approach

The term continental philosophy was adopted by professional philosophers in England after World War II to describe the various schools and movements then prominent in continental Europe and to distinguish them from a set of loosely related approaches, commonly known as analytic philosophy, that had been prevalent from the early 20th century in England and later in the United States and other English-speaking countries.

Continental philosophy | European thought | Britannica

Schroeder's book may be the best existing overview of continental philosophy. It's not just a summary. It's a provocative review of each theory's basic positions, one you may at times both agree and disagree with. It's a book you'll reread and use often. A great book both for both philosophy courses and general readers.

Continental feminism denotes a branch of feminist philosophy that draws on theoretical concepts and methods from the continental tradition. Continental feminists adapt three main methodological tools—postmodernism, psychoanalysis, and phenomenology—to unearth sexist commitments in: (1) contemporary social problems and (2) the field of philosophy.

Continental Feminism (Stanford Encyclopedia of Philosophy)

Another major Continental tradition, namely Critical Theory, makes of philosophy a contributor to emancipatory social theory; and the version of Critical Theory pursued by Jürgen Habermas includes a call for ‘postmetaphysical thinking’.
