Public Administration Concepts And Theories

Public Administration Theory is the amalgamation of history, organizational theory, social theory, political theory and related studies focused on the meanings, structures and functions of public service in all its forms. It often recounts major historical foundations for the study of bureaucracy as well as epistemological issues associated with public service as a profession and as an academic field. Generally speaking, there are three different common approaches to understanding public adminis

Public Administration: Concepts And Theories - Rumki Basu ...

Most recent bureaucratic theory, however, has been addressed to the private sector, and there has been little effort to relate organizational to political theory. A prominent principle of public administration has been economy and efficiency, that is, the provision of public services at the minimum cost.

Public administration - Principles of public ...

Like any other field of social sciences, the development of Public Administration as a study and also, as a practice is a response to evolving social contexts. As it is an eclectic field of study, it has adapted its key concepts and theories predominant in that period of time from the other fields of study. Thus, one can look at its development by identifying key concepts of economic, sociological and other studies that have contributed to how it is today.
