studies, The Creation of Patriarchy is a radical reconceptualization of Western civilization that makes gender central to its analysis. Gerda Lerner argues that male dominance over women is not "natural" or biological, but the product of an historical development begun in the second millennium B.C. in the Ancient Near East.

The Creation of Patriarchy: The Origins of Women's Subordination is a compelling compilation of extensive research which ambitiously attempts to understand and critically examine the ancient origins of women's systematic subordination to men. Gerda Lerner's findings are radical and memorable because they attempt to give feminism a foundation
